| Class 1         | Reception | Me and my community<br>Exploring Autumn                                                                                                                                                                                                                                                                                        |          | Starry Night<br>Winter Wonderland<br>Dangerous Dinosaurs<br>Puddles and Rainbows                                                                                                                                                                               |          | Sunshine and Sunflowers<br>Shadows and Reflections<br>Big Wide World<br>Splash |          |
| Class 1<br>Y1/2 | A         | <u><b>Our Wonderful World</b></u><br>Children will learn about features of the world. They will learn about the equator and continents as well as the countries of the United Kingdom.<br><br><u><b>Skills</b></u><br>Children will learn map skills and cardinal compass points to use in fieldwork.                          |          | <u><b>Bright lights, Big city</b></u><br>Children will learn more about the physical and human features of the United Kingdom whilst exploring the capital city, London.                                                                                       |          |                                                                                |          |
|                 | B         | <u><b>Let's Explore the world</b></u><br>Children will learn the the four countries that make up the United Kingdom and explore different climates around the world.<br><br>Children will also compare England to Somalia and using their geographical skills to collect data in fieldwork.                                    |          | <u><b>Coastline</b></u><br>Children will learn about the physical and human features of coastal regions in the United Kingdom. Going into a detailed exploration of Whitby.                                                                                    |          |                                                                                |          |
| Class 2<br>Y3/4 | A         | <u><b>Interconnected World</b></u><br>Children will learn about the tropics and climates of North and South America.<br>Children will also learn about the national rail and canal networks in the UK.<br><br><u><b>Skills</b></u><br>Children will be learning to read a compass and use four and six-figure grid references. |          | <u><b>Misty Mountain, Winding river</b></u><br>Children will learn the characteristics and features of rivers and mountain ranges around the world, including a detailed exploration of the ecosystems and processes that shape them and the land around them. |          |                                                                                |          |

|                 |   |                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                  |  |
|-----------------|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
|                 |   |                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                  |  |
|                 | B | <p><b><u>Our planet, Our world</u></b></p> <p>Children will learn about the layers of the Earth and plate tectonics and discover the five major climate zones. As well as significant places in the UK</p> <p><b><u>Skills</u></b></p> <p>Children will use grid references, compass points and latitude and longitude.</p>                                           | <p><b><u>Rocks, Relics and Rumbles</u></b></p> <p>Children will learn about the characteristics of Earth's layers, including a detailed exploration of volcanic, tectonic and seismic activity.</p>              |  |
| Class 3<br>Y5/6 | A | <p><b><u>Investigating Our World</u></b></p> <p>Children will learn about time zones within and outside of the United Kingdom, studying interconnected climate zones. They will also learn about worldwide capital cities and UK motorway network and settlements.</p> <p><b><u>Skills</u></b></p> <p>Children will locate map features using a range of methods.</p> | <p><b><u>Sow, Grow and Farm</u></b></p> <p>Children will learn about the features of land use in agricultural regions across the world, including a detailed exploration of significant environmental areas.</p> |  |
|                 | B | <p><b><u>Our changing world</u></b></p> <p>Children will learn about climate change and the importance of global trade. Children will analyse data and carry out fieldwork to find out about local road safety.</p> <p><b><u>Skills</u></b></p> <p>Children will find out more about map scales, grid references, contour lines and map symbols</p>                   | <p><b><u>Frozen Kingdoms</u></b></p> <p>Children will learn about the characteristics of polar regions, including the North and South Poles. Delving into the environmental factors that influence them.</p>     |  |
